All About Me!

Dear Families,

The UNL Children’s Center would like to continue to build positive relationships between staff, children, and families. To accomplish this goal, we would like to discover your child on an individual basis. The information you provide will allow the staff to get to know you and your child, and build off their strengths to provide an enriched, positive environment. Please answer all of the following questions with as much information as possible. We encourage you to add any additional information that you feel would help us to understand you and your child. Along with written information, we would like to have photos of your child, their parents, and other caregivers that might pick them up. You are welcome to provide these photos or stop by the office and have a photo taken.
